INSTRUCTIONS

You have 100 minutes to complete this part of the exam. You must complete BOTH exercises. Using a pen (not a pencil), write your answers on the separate answer sheet. EXERCISE A (© CEALM)

Your university is planning to expand its campus by building new facilities. The deans of different faculties are offering lecturers, staff and students the possibility to give their opinion on which facilities should be built first and receive more money. You have made the notes below after a meeting with some colleagues:

Which facilities should we invest in first?

- Laboratories
- University hospital
- New pitches and courts
- Improvement of old buildings

Some opinions expressed in the discussion

The hospital would make possible to teach a new Degree in Medicine.

Sports facilities can be used by anyone while the rest are only for specific users.

Before building new things it is paramount to update old buildings to make current students feel more comfortable

Write an **email** message in the appropriate style to the Dean of your faculty (**250-300** words) discussing the two best options to invest money in.

You may introduce new investment options and may use the ideas above, but try to use your own words as much as possible.

EXERCISE B (© CEALM)

A friend of yours has just started a new online magazine and has asked you to collaborate with an article for the first issue. She has asked you to write a **review** of one recent book, movie or TV show in English that you have read or watched. Write an attractive review (**200-300** words) including the following ideas:

- why you chose to read or watch it,
- what things you liked the best and the least,
- whether you would recommend it,
- suggest similar books, movies or shows that readers might also like.
